Yes please include. I will forward a longer version from R9. Consider if any added detail is needed. Thanks!

Hi Greg—Dianna had one for Hunters Point too, not sure if you’d like to include it:

Hunters Point Naval Shipyard Scans of Parcel A Residential Areas (R9/CA): The State of California Department of Public Health was nearing completion of their scan of the first area of the Parcel A residential area and found a buried radioactive deck marker on a not-yet-developed downhill corner of the parcel. Region 9 is quickly assessing next steps with the Navy, City of San Francisco, and its regulatory partners.
